Excerpt from briefing by MEA Spokesperson on GOI flood relief assistance to Pakistan

Question: Pakistan has asked us to route flood aid through the UN. Are we okay with that and what have you done about it?

Official Spokesperson: I said last time that we welcome Pakistan's decision to accept the offer of assistance made by the Government of India. Now Pakistan has suggested that the assistance could be routed through the UN. We would be in touch with the concerned UN agencies to work out the modalities.
